

Taylor Healthcare Products, Inc. continues to be the industry leader in quality, innovation and customer service!

Our newest disposable patient carrier, the TitanTS™, is a beneficial addition to our TitanPC® line of soft stretchers. It aids in patient rescues and transfers when EMS professionals need compact and lightweight transport units to traverse confined spaces.

The TitanTS™ has 12 handles to ensure easy lifting while transporting a patient and designed to securely carry up to 500 lbs. when using the proper lifting method.

- Strong, compact, lightweight and cost effective
- Easy to store
- Durable
- Available individually or in cases of 5
- Vital to have on the scene when space limitations prohibit use of standard EMS stretchers
- Lift capacity up to 500 lbs. when using the proper lifting method
