Taylor Healthcare Introduces Affordable Customized Fleece Blankets

The Woodlands, Texas— May 1, 2008— Taylor Healthcare Product’s polar fleece blankets are now customizable with your company or organization’s logo. This new feature, along with the addition of five colors to the company’s line of affordable fleece blankets, was announced this week.

Taylor’s 60” x 90” blankets accommodate a large logo while providing generous coverage for patients. Expanded color choices include the addition of vibrant red, green, yellow, orange and versatile black fleece to Taylor’s already popular standard colors, royal blue, navy, maroon, and grey.

“We offer a cost effective, eye catching way for EMS crews to identify themselves and their patients while responding to a 911 call or completing a patient transfer. Our fleece keeps patients comfortable and warm, while offering the personal touch of a custom made blanket.” said Taylor Healthcare’s Vice President Larry Walsh. “Our line of affordable blankets puts the professional look of custom made products within the reach of any ambulance service.”

Personalized blankets also make unique corporate gifts and serve as a creative fundraising tool for schools and charities. For more information about Taylor Healthcare Products polar fleece blankets, emergency fleece and nylon blankets and our complete line of SureFit[™] disposable sheets and SureFit[™] components visit www.taylorhealthcare.com.
