

G-Force™ Series

DISPOSABLE FITTED STRETCHER SHEETS

Taylor's Color Coded Lift Capacity™ fitted stretcher sheets set the industry standard for transferring a patient with confidence. By utilizing Taylor's Color Coded Lift Capacity™ system you may easily choose the Taylor stretcher sheets best suited for your EMS service. The Taylor G-Force™ Fitted Sheet Series is designed and tested in the transfer of patients up to 450 lbs. We have you covered for both lift capacity and price point.

- The Color Coded sheets are designed to aid in patient transfers for the following weights when using proper lifting method:

Green – 250 lbs. Blue – 400 lbs.
Grey – 300 lbs. White – 450 lbs.

- Custom fitted to the unique mattress designs of Ferno® Power X1, Stryker® XPS and Power-PRO
- Available in fluid resistant*, fluid impervious** and heavy duty
- Protects the mattress and patient against cross-contamination
- Elastic fitted design eliminates sheet slippage
- Soft linen-like feel maximizes patient comfort
- Reduces the overhead cost associated with reusable sheets
